

# 22004012

# Universal load break switch body SIRCO MV 4P 125A

#### Strong points

- Fully integrated
- A wide range of accessories

- Compliance with major certifications and approvals

### General characteristics

- Double break by phase.
- Rail, board or modular panel-mounted with 45 mm front cut out.
- IP20 accessories and device.
- Extreme usage categories (AC-22 and AC-23).
- Visible double cut based on an
- opposite-slide contact system.
- Clear break indication.

#### Compliance with standards

- IEC 60947-3
- GB/T 14048.3

Access to resources (ex: manuals)

https://www.socomec.co.in/enin/reference/22004012

SIRCO MV are manually operated modulable and modular multipolar load break switches.

They make and break under load conditions and provide safety isolation for any low voltage circuit, particularly for machine control circuits.

Classification	
UNSPSC	39122233
ETIM Class	EC000216
IGCC	5290
Commerce	
Effective date	2006-04-25
Country of origin	TN
Length of the product unit	0.189
Width of the product unit	0.135
Depth of the product unit	0.064
Weight	1.02
ETIM - Electrical characteristics	
Max. rated operation voltage Ue AC [V]	690
Rated operating voltage [V]	400690
Rated permanent current lu [A]	125
Rated permanent current at AC-23, 400 V [A]	125
Rated permanent current at AC-21, 400 V [A]	125
Rated short-time withstand current lcw [kA]	7
Rated operation power at AC-23, 400 V [kW]	63
Switching power at 400 V [kW]	63
Conditioned rated short-circuit current lq [kA]	65
Number of poles	4
<b>ETIM - Mechanical characteristics</b>	
Suitable for floor mounting	No
Suitable for front mounting 4-hole	No
	No No
Suitable for front mounting 4-hole	
Suitable for front mounting 4-hole Suitable for front mounting centre	No
Suitable for front mounting 4-hole Suitable for front mounting centre Suitable for distribution board installation Suitable for intermediate mounting Colour control element	No Yes
Suitable for front mounting 4-hole Suitable for front mounting centre Suitable for distribution board installation Suitable for intermediate mounting	No Yes Yes
Suitable for front mounting 4-hole Suitable for front mounting centre Suitable for distribution board installation Suitable for intermediate mounting Colour control element	No Yes Yes Other
Suitable for front mounting 4-hole Suitable for front mounting centre Suitable for distribution board installation Suitable for intermediate mounting Colour control element Degree of protection (IP), front side	No Yes Yes Other
Suitable for front mounting 4-hole Suitable for front mounting centre Suitable for distribution board installation Suitable for intermediate mounting Colour control element Degree of protection (IP), front side ETIM - Technical features	No Yes Yes Other IP20
Suitable for front mounting 4-hole Suitable for front mounting centre Suitable for distribution board installation Suitable for intermediate mounting Colour control element Degree of protection (IP), front side <b>ETIM - Technical features</b> Version as main switch	No Yes Yes Other IP20 Yes
Suitable for front mounting 4-hole Suitable for front mounting centre Suitable for distribution board installation Suitable for intermediate mounting Colour control element Degree of protection (IP), front side <b>ETIM - Technical features</b> Version as main switch Version as maintenance-/service switch	No Yes Yes Other IP20 Yes Yes
Suitable for front mounting 4-hole Suitable for front mounting centre Suitable for distribution board installation Suitable for intermediate mounting Colour control element Degree of protection (IP), front side ETIM - Technical features Version as main switch Version as maintenance-/service switch Version as safety switch	No Yes Yes Other IP20 Yes Yes Yes
Suitable for front mounting 4-hole Suitable for front mounting centre Suitable for distribution board installation Suitable for intermediate mounting Colour control element Degree of protection (IP), front side ETIM - Technical features Version as main switch Version as maintenance-/service switch Version as safety switch Version as emergency stop installation Version as reversing switch Number of switches	No Yes Yes Other IP20 Yes Yes Yes Yes
Suitable for front mounting 4-hole Suitable for front mounting centre Suitable for distribution board installation Suitable for intermediate mounting Colour control element Degree of protection (IP), front side ETIM - Technical features Version as main switch Version as maintenance-/service switch Version as safety switch Version as emergency stop installation Version as reversing switch Number of switches Motor drive optional	No Yes Yes Other IP20 Yes Yes Yes Yes No 1 No
Suitable for front mounting 4-hole Suitable for front mounting centre Suitable for distribution board installation Suitable for intermediate mounting Colour control element Degree of protection (IP), front side ETIM - Technical features Version as main switch Version as maintenance-/service switch Version as safety switch Version as emergency stop installation Version as reversing switch Number of switches Motor drive optional Motor drive integrated	No Yes Other IP20 Yes Yes Yes Yes No 1 No No
Suitable for front mounting 4-hole Suitable for front mounting centre Suitable for distribution board installation Suitable for intermediate mounting Colour control element Degree of protection (IP), front side ETIM - Technical features Version as main switch Version as maintenance-/service switch Version as safety switch Version as emergency stop installation Version as reversing switch Number of switches Motor drive optional Motor drive integrated Voltage release optional	No Yes Other IP20 Yes Yes Yes Yes No 1 No No No No
Suitable for front mounting 4-hole Suitable for front mounting centre Suitable for distribution board installation Suitable for intermediate mounting Colour control element Degree of protection (IP), front side <b>ETIM - Technical features</b> Version as main switch Version as maintenance-/service switch Version as safety switch Version as emergency stop installation Version as reversing switch Number of switches Motor drive optional Motor drive integrated Voltage release optional Device construction	No Yes Other IP20 Yes Yes Yes Yes No 1 No No No No Built-in device fixed built-in technique
Suitable for front mounting 4-hole Suitable for front mounting centre Suitable for distribution board installation Suitable for intermediate mounting Colour control element Degree of protection (IP), front side ETIM - Technical features Version as main switch Version as maintenance-/service switch Version as safety switch Version as reversing switch Number of switches Motor drive optional Motor drive integrated Voltage release optional Device construction Type of control element	No Yes Other IP20 Yes Yes Yes Yes No 1 No No No No No No Suilt-in device fixed built-in technique Other
