

### 95234063G

# Remotely operated transfer switch ATyS r 4P 630A 125VDC AUX

## Strong points

- Watchdog relay to check product availability
- Integrated auxiliary contacts
- Extended power supply range
- More robust

#### General characteristics

- Range from 125A to 3200A.
- Available in 3P or 4P.
- Emergency manual operation handle.
- Top or bottom incoming sources.
- Extended power supply range 166-332VAC.
- Robust design.
- Includes bridging bars (up to 1600A).

#### Compliance with standards

- IEC 60947-6-1

Access to resources (ex: manuals)

#### in/reference/95234063G

ATyS r are 3 or 4 pole remotely operated motorised transfer switches with positive break indication.

They enable the on-load transfer of two three-phase power supplies via remote voltfree contacts, from either an external automatic controller, using pulse logic, or a switch

They are intended for use in low voltage power systems where interruption of the load supply is acceptable during transfer.
