Differential protection

Electronic protection

Which requirement?

Which application?

Applications	Motor load break	
		
Model	RESYS M40 <i>p. 378</i>	RESYS P40 <i>p. 380</i>
Characteristics		
Type of protection DDR	A type	A type
Tripping threshold	30 mA ... 30 A	30 mA ... 30 A
Time setting	0 ... 10 s	0 ... 10 s
Automatic reclosing function		
Pre-alarm function	•	•
Output contact	2	2
Case	DIN modular	Panel mounting
Dimensions (mm)	44	48x48
Accessories		
Core balance transformers		
Circular closed toroids ΔIC	•	•
Split-core balance transformer ΔIP-R	•	•
Rectangular closed toroids WR	•	•

Which type of protection?

	Isolated sites
	
	RESYS M40R <i>p. 382</i>
	A type
	30 mA ... 30 A
	0 ... 10s
	•
	2
	Modular
