

DIRIS Digiware *Idc*

Direct current measurement module

DIRIS Digiware I-30dc/I-35dc

Configuration
with Easy Config System.

Function

DIRIS Digiware I-3xdc modules measure consumption and monitor the DC electrical installation. Several I modules can be used within the same system, enabling measurement of a large number of circuits. They are associated with DIRIS Digiware U-3xdc voltage measuring modules.

Current is measured using external sensors connected by RJ12-Molex cables, available in multiple lengths. The cables are colour coded (brown, orange, white) for easy identification. The DIRIS Digiware D display or the embedded Web server Webview can show electrical measurements from both DIRIS Digiware AC and DC systems simultaneously.

Advantages

Multi-circuit

- Measurement of up to 3 DC circuits per module.
- Multiple I-3xdc modules can be added. This enables measurement of a large number of DC loads simultaneously.

Flexible

- An offer adapted to metering and current quality analysis.
- A complete range of split-core and solid-core DC current sensors from 50 to 5000 A.

Plug & Play

- Quick RJ45 and RJ12-Molex connection.
- Easy to configure from DIRIS Digiware D interfaces or from the Easy Config software.

Compact

One module to avoid space constraints inside electrical panels.

Connections

DC current is measured by external sensors connected to the DIRIS Digiware I-3xdc modules via RJ12-Molex cables enabling quick connection without wiring errors. This varied range of solid-core or split-core current sensors can be adapted to all types of new or existing installation. The DC current sensors have the following technical characteristics:

- Open-loop Hall effect sensors.
- Solid-core or split-core.
- Power supply voltage: ± 15 V.
- Power supply current: ± 25 mA depending on the sensor.
- Output voltage: ± 4 V.
- 4-point male Molex terminal strip.
- Measurement range: 16 to 6000 A.
- Category III overvoltage.

- PIN 1: + 15 V (+ Vc)
- PIN 2: - 15 V (- Vc)
- PIN 3: sensor input (M)
- PIN 4: 0 V sensor (0)
